## The Good Enough

### Hardware

- Free\* designs and official repair manuals
- Modular and replaceable
- Supported by free software

### Software

- Free firmware, bootloader, drivers, system and apps
- Modem firmware:
  - Connects to network that doesn't track users
  - Cannot record audio when not in a call
- All up-to-date
- Shares kernel, drivers and userspace with GNU/Linux

\* Free as in freedom
