## **Hardware**

- Non-free\* designs and official manuals
- Chosen to minimize freedom hazards
- Some parts are unrepairable
- Removable battery

## Software

- Free system and apps
- Lack of free drivers and firmware for some hardware
- Graphics rendering is slow
- Non-free bootloader, but can run the systems you want
- Modem firmware:
- •• Non-free
- •• Cannot see main memory
- •• Cannot record audio when not in a call
- \* Free as in freedom
